PROJECT MISSION

TRUST is a 3 years international project started in January 2020 co—funded by the Erasmus + European Programme, Key action 2 Capacity Building in Higher Education project.

It aims at improving the quality of the Higher Education in Financial Technology and digital innovation in order to cope with the workforce's emerging needs in the Financial Services Industry.

An innovative and competitive Master in FINTECH will be designed, developed and delivered in Philippines and Vietnam with the cooperation of whole partnership.

International Excellence in Finance & Technology Education

TRUST

HOW WE MAKE THE DIFFERENCE

Research

Mapping the current capacities of HEIs and the labour market needs of the Financial Services Industry in Vietnam and Philippines will produce:

- A Report of current capacities at Philippines [PH] and Vietnamese [VN] Universities
- A Report of labour market needs of the Financial Services Industry in VN and PH.

New Master in Fintech

- An innovative master in Financial Technology and Digital Innovation will be designed and delivered focused on Blockchain and cryptocurrency, Artificial Intelligence and Machine Learning in finance, the role of Big Data, FinTech in the field of banking, insurance and asset management.

- Moreover Existing Masters in Business and Economics of Vietnam and Philippines Universities will be effectively modernized.

Cooperative Learning

- A TRUST Community and ongoing study visits will foster mutual learning and knowhow exchange.
